ABOUT

Put this in  
your pipe

```
require 'rubygems'  
require 'sinatra'  
get '/hi' do  
  "Hello World!"  
end
```

and smoke it

```
$ gem install sinatra  
$ ruby hi.rb  
== Sinatra has taken the stage ...  
>> Listening on 0.0.0.0:4567
```

## README.markdown

### jQuery.rest

A plugin to ease AJAX interaction with RESTful APIs such as Rails

### Accepted Parameters

There are four public jQuery methods created by this plugin:
